November - December 1958

100 Year Old Minnesota Centennial Christmas Tree

Famous Minnesota Arrowhead Country of the City of Duluth to the City of Tampa, Fla.
A Word Of Thanks
To The Milwaukee Road Family

IT IS now almost a year since I was first privileged to greet the members of our employe family in what was then my new capacity as president of The Milwaukee Road. During the months which have passed since, I have been pleased to meet a great many of you and have worked closely with enough of you to know that 1958 has been a year of hard work for the great majority of us.

At the time this is written it can be said that our earnings this year will come very close to those for 1957. The year has included a long period of recession, but I feel that we can still count it as one of sound progress.

I hope that our vice presidents, department heads and other key individuals will recognize that statement as a tribute, first of all, to themselves. I know something of the long hours they have put into their work, the week ends away from home, the intense concentration, the worry and the plain hard work which they have brought to bear on our problems.

That statement is intended also as a tribute to the Milwaukee Road men and women who do the day by day work of running the railroad in such a way as to make lasting friends of our patrons.

For all of this I know no better way to express my personal appreciation and that of the company than to say thank you and to add the hope that you have received the same extra reward I have—a feeling of pride in being a part of The Milwaukee Road.

It is my sincere wish that each of you and all of your loved ones may have a very Merry Christmas and a truly Happy New Year.

[Signature]

The Cover
A 50-ft. blue spruce, a specimen growth from Minnesota's famous Arrowhead country bearing the Christmas greetings of the Minnesota Centennial to the city of Tampa, Fla., created quite a stir when it arrived in St. Paul Yard Nov. 15. On hand to facilitate its movement via The Milwaukee Road, and to see incidentally that Centennial Queen Sally Shields did not trip on her train while boarding a gondola car, were General Agent G. F. Quinlan (left) and F. J. Kuklinski, superintendent of the Twin City Terminal. The tree, felled in the vicinity of Pond du Lac, was a gift from the city of Duluth to the Tampa winter carnival. Under Florida skies, it still stands in the center of a five block area frozen solid with a million pounds of ice and made realistic with a precipitation of the traditional holiday white by virtue of snow blowers.
COMMENTS FROM OUR CUSTOMERS

"The most agreeable recompense which we can receive for things which we have done is to see them known, to have them applauded with praises which honor us."

—Molière

NOTHING BUT PRAISE.
(From a letter received by C. F. Rank, manager of the mail, express, baggage and milk department, Chicago.)

"This letter is an attempt to say 'thank you' for the wonderful way your department aided in recovering a dictating machine I left recently on train #220. Mr. La Monica [Clerk Jon La Monica] was most understanding, courteous and diligent in the matter. I must confess that I have always been prone to 'gripe' regarding commuter service, but public relations work, as displayed by Mr. La Monica, leaves me with nothing but praise for your fine operation."

Byron A. Dunn

LOST, BUT FOUND

"While shopping in Milwaukee recently, I lost $43 in two small envelopes on North Fourth Street, near the Milwaukee Road depot. I reported my loss to the police department and also ran an ad in the "lost and found" of the Milwaukee Journal. Three days later, Mr. Robert H. Noot of Milwaukee, a timekeeper for the Milwaukee Road [track department, Milwaukee Terminals], called me and said he had found the money. He returned it to me on his way through Manitowoc while on vacation, and needless to say, I was very happy."

Milford L. Knutson
Manitowoc, Wis.

BEFORE THEY WERE MISSED

"Recently I had occasion to ride the Olympian Hiawatha from Chicago to Seattle . . . Without knowing it I dropped my travelers cheques on the floor in the dining car. A waiter, Mr. T. E. Harrison, found them and turned them over to the steward, Mr. Nicholas E. Frank. Mr. Frank searched the train to find me, so I had them back before I had missed them. "I thought you would like to know what a splendid crew you have."

The Store Department's Own "Railroad"

When the mechanic in Minneapolis needed a dozen half-inch bolts to complete his repair work on a diesel, they were ready at hand—as he figured they would be. And the fresh typewriter ribbon was there in the box when the Seattle stenographer went after it.

The smooth-running diesel and the neat letter to the shipper are important to Milwaukee Road service, as is the work of the store department, which sees to it that the bolts and the ribbons, and thousands of other "tools" are on hand when employees need them. The story of how that job gets done has always been an interesting one, but it became more so this year with the completion of a long conveyor system for material handling in the main store building at Milwaukee, which is unique in the railroad industry.

That portion of the building's own "railroad" system which went into service a few months ago was the last of a three-stage project begun in 1955 and which now has been coordinated into a system extending 1500 feet throughout the greater part of that huge structure.

Measuring 162 feet at the wider end and 716 feet in length, the main store building serves as a warehouse for practically everything this railroad uses—from paper hand towels to air brake compressed air storage tanks. It is, in addition, the local store for the Milwaukee Terminal Division and part of the Milwaukee Division. Here are housed some 86,000 items of material, representing a complete cross-section of materials in use on the railroad, with the exception of the oil and lumber stores at Milwaukee, the maintenance of way store at Tomah, Wis., and parts of the electrification department store, most of which is at Tacoma and Deer Lodge. For ob-

E. F. Volkman, assistant district storekeeper (left) and W. C. Lummer, district storekeeper, both stationed at Milwaukee Shops, watch the conveyor operation at the north end of the main store building in Milwaukee. Note two lines of gravity rollers feeding onto the belt, which continues out of picture range at right and returns to the starting point. The separate counter service conveyor can be seen at floor level.

The Milwaukee Road Magazine
vious reasons, the commissary department store is centered in Chicago and Tacoma.

Commenting recently on the new conveyor system, G. V. Ireland, general storekeeper, pointed out that there are impressive savings to be realized by simplifying material handling methods as much as possible.

"Every time we handle an item, it costs money and takes time," he said. "We have to figure our operation as a manufacturer would. This conveyor not only saves us time and handling expense, but it also speeds up the process of getting material into the store department and out to the 23 store department points on schedule."

For many years studies designed to improve material handling centered largely on such concepts as unit loading and machine handling, as illustrated by the familiar pallet and fork lift truck. The new development at Milwaukee has combined those principles with a fixed conveyor system which not only has resulted in much faster and more efficient handling, but has also made possible centralized packing and forwarding of orders.

The system employed is not new, having been in use for several years in many industries, but ordinarily on a much smaller scale. The new system in Milwaukee is unique in that it is the first large scale facility of its kind installed in any railroad store operation.

The store department's "railroad" consists of a combination of rubberized belts for the level and uphill powered stretches, and smooth-running rollers for the gravity sections. Its operation includes switches for diverting traffic into various sections of the storeroom, electric eye signals for automatically starting and stopping the belts, and power-driven portable and reversible conveyors on the trackside platform for transporting material between freight cars and the main conveyors inside the building. The latter feature is used for both the rapid unloading of incoming material and the loading of orders going out to store department points throughout the railroad. With this platform facility, the conveyor makes a complete loop from the car unloading dock, through the entire storeroom, and back to the car unloading dock, passing en route the packing and forwarding area.
where orders of small items are consolidated for easier handling.

As material arrives at the store building, employees load it onto the portable conveyors at the freight car door. As they do so, they call over the building’s loudspeaker system, alerting employees stationed in the building’s various sections that certain materials are headed their way for storage. The same system works in reverse as cars are being loaded.

In order to help employees identify shipments quickly, according to destination, a system of destination cards and color tags to indicate manner of shipment has been devised. Material bearing a red tag, for example, goes via express; a green tag denotes baggage; and a white tag calls for LCL shipment. Such shipments are prepared, weighed and waybilled in the centralized packing area.

For the most part, the conveyor is used for the handling of lighter materials, such as small locomotive parts, nuts, bolts, stationery, passenger car trimmings and electrical materials. Much of which moves either in its original carton or (as in the case of small items) in so-called tote boxes. For items in sacks a plywood sled has been developed.

**Triggered by Electric Eye**

The powered sections of belt operate off several separate electric power units. They do not all operate simultaneously, however, unless the flow of material is continuous. In the normal course of operation, a parcel traveling along the conveyor trips an electric eye which sets in motion the next power section down the line, which in turn does the same with the next one, provided the carton or tote box has not been removed from the conveyor before it reaches the next electric eye. If the belt runs for three minutes without a signal from the eye, it automatically shuts itself off, thereby saving electric current and wear on the conveyor.

Several parts of the system, such as the brackets for mounting the conveyor, were designed and fabricated by Milwaukee Road forces in the shops at Milwaukee. The entire system was set up by mechanical department forces.

One of the principal merits of the unique system is the inventory control and reduction which it makes possible, V. E. McCoy, chief purchasing officer, recently observed.

"The rapid filling of orders allows the outside store points to reduce their inventory safely with the assurance that they can get prompt shipment out of the general store in Milwaukee," he said.

"This becomes an increasingly important consideration as material prices rise. Anything we can do that will enable us to keep smaller stocks on hand without damaging the efficiency of the railroad’s operation must be done."

The innovation in the store department’s Milwaukee operation is an outstanding example of the progress being made on American railroads today in an effort to maintain their position as the nation’s basic agency of transportation.
FLEXI-VAN PROGRAM MOVES FORWARD;
E. W. Chesterman and J. D. Phillips Head New Service

E. W. Chesterman

PLANS for launching the first rail-highway service of The Milwaukee Road took shape rapidly in November with the appointment of the two men who will oversee the new Flexi-Van service, and the starting of a demonstration program along the route where it will be initially introduced. E. W. Chesterman, formerly freight traffic manager, sales and service, was named to the position of director of Flexi-Van sales, and J. D. Phillips, former vice president of the New York Central Transport Company, was appointed to head the operational aspect as executive vice president of The Milwaukee Motor Transportation Company. The headquarters of the service will be in Chicago.

Mr. Chesterman brings to his new position 34 years of experience in the Road’s traffic department, having started in the rate office in his native Chicago in 1924. Following a series of promotions through the ranks, he was appointed assistant general freight agent, rates and divisions in 1948, advanced to assistant to vice president-traffic in 1955, and appointed assistant freight traffic manager, sales and service in 1957. He was promoted to freight traffic manager, sales and service, in February of this year.

Mr. Phillips is also a veteran in the transportation industry, beginning 25 years ago as a founder of the Rocky Mountain Truckline in Lincoln, Neb. During World War II he was released from active Army duty to serve as a civilian chief of the Automotive Division of the Army Exchange, European Command. After the war he returned to the transportation field. As executive vice president of Buckingham Transportation Inc. of Rapid City, S. D., he was on the board of governors of the American Trucking Association’s Common Carriers Conference when he accepted the New York Central transport post in March, 1957 to direct that company’s Flexi-Van operations. In addition to serving as executive vice president of The Milwaukee Motor Transportation Company, he will be in charge of any expanded operations of the railroad’s motor carrier subsidiary.

As the opening play in the Flexi-Van program, Mr. Chesterman and Mr. Phillips introduced the new equipment at a public showing in Omaha on Nov. 17. Despite cold, rainy weather, the driver put the first Milwaukee Road Flexi-Van on the flat car with the greatest of ease during the opening demonstration in Omaha on Nov. 17. With the van transferred from the “bogie” to the flat car, the driver uses one hand to swing it into position, as manufacturer’s representatives look on.

Some 350 shippers and receivers of freight in the Omaha-Council Bluffs area were invited to the preview. The equipment then moved on to Kansas City for showings on Nov. 19 and 20 and in Milwaukee Nov. 24 and 25. Further demonstrations were scheduled for St. Paul and Minneapolis on Dec. 1 and 2, respectively. Mr. Chesterman and Mr. Phillips will accompany the exhibit throughout the tour.

Complete Flexi-Van service will be exclusive with The Milwaukee Road in the Midwest. The initial equipment order represents an investment of more than a million dollars. In addition to the convenience of pick-up and delivery from door to door, it provides the advantages of fast rail schedules and all-weather dependability. Literature describing it is being made available at all of the demonstrations.

The actual inauguration of service, which will originate between Chicago and the Twin Cities, is planned for Chicago on Dec. 17, with the first eastbound movement from Minneapolis and St. Paul scheduled for Dec. 19. Later it will be expanded to include Milwaukee, Omaha and Kansas City. Spokane, Seattle and Tacoma are next on the list of Milwaukee Road cities in which it will soon be available.
The Case for Agreed Charges

President Quinn Cites Traffic Potential of Proposed Rate-Making Practice

The case for Agreed Charges, the rate-making principle which is now of paramount interest to this country’s railroads, was presented by President William J. Quinn in an address on Oct. 21 to the St. Paul Rotary Club, one of four addresses he made during the course of the month before business and civic groups. While commenting on one of the helpful provisions of the Interstate Commerce Act of 1958—the new rule governing procedures for adjusting rates—he told the Rotarians that Agreed Charges offer one possible way for the railroads to meet competition on equal terms and recoup the losses of recent years.

Pointing out that this rate-making practice is in effect on the Canadian railroads, he outlined its structure. “In reality,” he said, “Agreed Charges are simply another form of freight rate, except that they apply only to the goods of shippers who agree under contract to forward a specified portion of their goods over the lines of the carriers which are parties to that contract. They may apply on the goods of one shipper from one origin to one destination, or they may apply on the goods of several shippers from several origin points to several destinations. Any shipper may enter into an Agreed Charge contract, regardless of the amount of traffic he may have for shipment. He is not required to forward a specified number of cars or tons, but rather a specified percentage of his traffic. This prevents discrimination between large and small shippers. Furthermore, any shipper may join in a contract which is already in force, so long as he is willing to accept the terms and conditions of that contract.”

Mr. Quinn allowed that he feels reasonably certain the railroads’ competitors will not be wholeheartedly in favor of the proposed rate adjustment, since it would give the industry an opportunity to utilize more fully its inherent advantage of volume transportation and would also open the way to better service through longer range planning of equipment availability.

“Be that as it may”, he said, “I would like to point out that for certain trucking and barge line operations in this country, Agreed Charges are, in effect, already an established fact. Contract motor carriers and more than 80 per cent of the barge line operators can set sliding scales of rates at any level they choose. Also, Congress, in the last session, approved a dual system of rates for conference steamship lines. It will be interesting to see whether the railroads will be accorded the same competitive privilege.”

In adding that the whole matter of Agreed Charges is part of the western railroads’ intensive traffic research program, he mentioned that the Milwaukee Road’s own research program was just recently broadened, and that W. W. Kremer, vice president-traffic, has been in the forefront of rate experimentation, including the Agreed Charges principle.

Mr. Quinn stressed the need for some new concepts regarding the railroad industry. Many people, he said, feel that because the railroads have been in business for so many years they are impervious to the economic maladies of other business organizations.

It is true to only a limited degree, he stated, that the passage of the Transportation Act of 1958 changed the serious effect which competitive inequalities have on the railroad industry. The repeal of the 3 per cent excise tax on freight charges was of real importance, he said, because the tax did not apply on charges of private carriers. The northern transcontinental railroads had been at a further disadvantage in competing for long haul traffic to and from the Pacific Northwest because freight charges on the Canadian lines are also tax-free. He mentioned the following situations as still working to the disadvantage of the railroads:

(1) The Federal excise tax of 10 per cent on passenger fares; (2) Inadequate and unrealistic depreciation allowances for tax purposes on railroad plant and equipment; (3) Continued exemption from regulation of numerous “agricultural commodities,” including many processed or manufactured en route to primary market or storage; (4) The absence or inadequacy of user charges on railroad competitors to compensate for their use of publicly provided facilities; (5) Denial to the railroads of equal opportunity to provide service by other modes of transportation; and (6) Exorbitant state and local taxes in contrast with tax-free highways, waterways, airports and airways provided for railroad competitors.

“I feel confident,” he said, “that future legislation will tend to equalize competitive conditions...” I think, too, that we are going to see real progress in the diversification of service offered by the railroads, and in greater standardization of their various types of equipment. For the long term, I feel that the railroads, if given full competitive equality, will demonstrate beyond any question that they are the most efficient and most economical form of volume transportation.”

The favorable signs on which this thinking was based were discussed by Mr. Quinn in addresses he made in Chicago before the Business Conditions Clinic of the Illinois Chamber of Commerce, and to the New York Society of Security Analysts. Speaking before the latter group in New York on Oct. 10, he characterized the 1958 Transportation Act as “a start in the right direction”, but stated that the Milwaukee Road’s plans for the future were not based solely on the prospect of legislative relief.

For an indication of our company’s

The Milwaukee Road Magazine
attitude, he cited the expenditure the past year of nearly $20 million on new equipment as part of a broad program to increase revenues and improve earnings. The principal features of the program, he told his audience, are the reorganization of the traffic department, greater activity in industrial development, and improved operating and accounting methods.

Related to traffic department activities, he mentioned the additional industrial property which our company has been acquiring and the 261 new industries which located on our line during 1957 and 1958. On the operational side, attention was called to the inauguration of Flexi-Van service to tie in with rail-highway transportation on the New York Central. “We are anticipating that this service will be attractive to shippers,” he stated, “and we know it will fit well into our over-all operation. We will be prepared to step out in any direction that promises attractive business.”

The Road's modernization program was also discussed by Mr. Quinn in a talk before the Railway Supply Group of the Union League Club in Chicago Oct. 24. Beginning with the mechanical department at Milwaukee Shops, he cited some of the new machines which were developed by the company’s own mechanics and engineers.

“I think the amount of ingenuity we have on call,” Mr. Quinn said, “and the very evident interest of your people and our people in developing new and better ways of doing things, provide the best possible assurance that the railroad industry will continue to increase its operating efficiency and to maintain its position as a technological leader in this age of fast-moving scientific discoveries... So far as The Milwaukee Road is concerned, it is our intention to deliver exactly the kinds of service our customers want, and to do it consistently.”

CORRECTION: The article in the September-October issue of the Magazine concerning the Veterans’ reunion in Milwaukee at which Mr. Quinn made an address, quoted him erroneously as saying that the Road owns some 5,700 pieces of freight equipment. The figure should have been 53,700.

**New Travel Bargain**

**- Tournalux Sleepers for Coach Riders**

Action to provide sleeping car service at bargain rates, the first venture of its kind on transcontinental trains, was taken by The Milwaukee Road Nov. 1 when accommodations in Olympian Hiawatha Tournalux Pullman cars were made available with the purchase of tickets sold at regular coach fares. Previously reservations for these full-size berths had been available only to holders of intermediate class tickets. The move brought traveling on the Olympian Hiawatha into sharp relief as the best over-all transportation buy between Chicago and the Pacific Northwest.

Tournalux Pullmans, which are unique with the Milwaukee Road’s Olympian Hiawatha, were custom built to provide passengers with the comfort and privacy of standard sleeping cars at an economy price. One of their outstanding features is lower berths that are longer, wider and higher than those in standard section-type sleepers. All of the berths have restful foam rubber mattresses and individually operated light, heat and air conditioning controls. For daytime relaxation there are upholstered seats and small drop-leaf tables in each section. The men’s and women’s lounge-dressing rooms in each car are exceptionally large, and equipped in every detail for long distance travel.

Tournalux passengers also have at their disposal such de luxe facilities of the train as the luxuriously appointed dining car, the glass enclosed Super Dome—the perfect vantage point for viewing mountain scenery—and the Cafe Lounge, the center of social activity. All of these features may be enjoyed at no extra fare.

As an additional bonus, the Milwaukee’s three-thousand plan offers the Olympian Hiawatha’s 46-hour super-speed schedule between Chicago and Puget Sound. The fact that the run requires only two nights (competing schedules take three) is a telling factor, for most of its scenic beauty can be viewed by daylight.

**Notice—Annual Passes Extended**

The pass bureau has announced that all annual passes issued by The Milwaukee Road which expire Dec. 31, 1958 will be honored up to and including Dec. 31, 1959, unless otherwise ordered. Term passes showing an expiration date prior to Dec. 31, 1958 will not be honored after the date shown on such passes.

*November—December, 1958*
The bond linking the employees whose pictures appear with this article is that of foresight, which saved their eyesight. They belong to an organization which has some 15,000 members scattered throughout the country—The Wise Owl Club of America. E. E. Hamilton, a machinist welder in the locomotive department at Deer Lodge, Mont., is a typical Milwaukee Road member.

On May 16 of this year Machinist Hamilton was using an acetylene torch to cut liner covering off of a grease box when the unforeseen happened—the grease exploded. For a moment he felt blinded, but his eyes were not harmed. He was wearing his safety goggles.

The Wise Owls, a project of the National Society for the Prevention of Blindness, was organized for the protection of vision in industry. Since The Milwaukee Road obtained its charter in 1956, memberships have been issued to 13 men now in active service. Other members, in addition to those pictured, are Robert Stolpha, a signal maintainer at La Crosse, Wis., and Marvin Hennarichs, carman welder at Milwaukee. Several more applications for membership are pending.

The program applies to employees of the locomotive, car, stores, maintenance of way and structures, and signals-communications departments, or specifically, to all who might possibly incur eye injuries on jobs where eye protection is required and is provided by the railroad. Only those are eligible for membership who have had one or both eyes saved due to observing proper precautions.

An application for membership must state the circumstances under which the mishap occurred and the type of protection worn, and be substantiated by witnesses. The accepted member receives a certificate testifying to his judgment and foresight, together with a lapel pin in the shape of an owl, and a badge imprinted with the owl emblem to wear on the job. To support the program, the railroad contributes a small fee to the NSPB for each membership earned.

The program, now high gear on the railroad, has been an important factor in the efforts of the safety department to increase awareness of the need for...
observing the rules of eye safety. To emphasize the idea, the department recently distributed 1,500 posters calling attention to the availability of a booklet full of useful information about eye health. The booklet—"Half of All Blindness Is Needless and Preventable"—may be had for the price of a postage stamp from The National Society for the Prevention of Blindness (1790 Broadway, New York 19, N.Y.).

Railfans’ Sunday — The Historical Special

The material for this article was furnished by Don Dietrich, clerk at Muskego Yard in Milwaukee, and by Jim Scribblins, ticket clerk, Milwaukee, who also took the pictures.

A BRIGHT fall Sunday and the opportunity to ride on a special train of original Hiawatha equipment was the combination which lured some 200 railfans to take a trip Oct. 12 from Milwaukee to Fox Lake, Wis., and back. Wisconsin Chapter of the National Railway Historical Society sponsored the trip, to which the general public was invited.

The Railway Historical Special, consisting of four of the original Hiawatha coaches (including 4400, the prototype) plus a suburban coach, was advertised as the last line-haul Milwaukee Road train in the traditional orange and maroon colors. An orange GP-9 road-switcher, the 2433, from the Chicago suburban pool, furnished the power. At the throttle was Paul C. Denis, accompanied by Fireman John Sharon and Traveling Engineer A. T. Ireland, and back in the coaches were Conductor J. A. Wilcox with City Passenger Agent Frank Foug (who made the arrangements), Trainmaster E. P. Bunce and Police Lieutenant Ralph Emerson. T. J. McGuire went along as flagman.

Superintendent Martin Garelick saw the extra off when it left Milwaukee at 10:30 A.M. The first scheduled stop was at Granville where the T. J. Moss Tie Company had obligingly spotted three of its tiny industrial locomotives for the railfans to photograph. Next was a halt below the US 41 overpass east of Richfield, where the train was backed up and then operated forward so those using movie cameras could get an action sequence; then a "rubberneck" stop between Rugby Junction and Slinger.

Stops for the numerous lensmen aboard were also made at the Slinger depot, again at the former junction of the abandoned Pike Lake spur east of Hartford, and just west of Iron Ridge. Townsfolk turned out at Horicon and again at Beaver Dam, where the train was diverted to the loop for a visit to the railroad exhibit of the Dodge County Historical Society Museum.

A big welcome awaited the group at Fox Lake. Three chartered school buses made several trips to accommodate all who wanted to take a sightseeing tour, while railfans and local residents inspected the train and crowded aboard the locomotive.

The sun was fading when the special faced about for home. Steady progress was made to North Milwaukee, where some of the excursionists detrained, and 15 minutes later the trip was over. Passenger Extra 2433 was a closed item on the dispatcher's train sheet, but a fond memory for many friends of railroading.

Engineer Paul C. Denis was the hero of the day.
Honor "Graduating Class" of '58

START with a banquet size dinner, add a dash of vocal harmony mixed with a comedy routine, season with good dance music and a smooth floor, and what you have is the annual Twin Cities all employee retirement party. Everyone goes.

The ninth annual, held at the Calhoun Beach Hotel in Minneapolis Oct. 9, brought together more than 300 Twin City Terminals employees to honor their associates who retired during the past year. The "graduating class" numbered about 40, including employees of other divisions working into the Twin City area. Many retired people, with their wives and husbands, also attended.

Good fellowship started with a social hour that continued through the traditional smorgasbord dinner. Afterward the crowd sat back to be entertained by The Milwaukee Road Derails, an employee "barbershop" group, in a program of old time favorites, and the ladies of the Oriental Shrine in a specialty act billed as the Zenda Goofers. Both performances left the crowd yelling for more. Later there was dancing and singing.

This year's party committee, headed by W. R. Manion as general chairman, included Mr. and Mrs. C. A. Volstead, Mr. and Mrs. William Klar, Mr. and Mrs. Arthur McCarthy, Frank Thor, J. F. Johnson, Elizabeth Hessburg, Ruth Lindegren, May Cashill, W. P. Radke, J. J. Taylor, Al Ladwig of the Brotherhood of Locomotive Engineers, and C. S. Fowler of the Brotherhood of Railroad Trainmen.

Class picture of some of "the graduates of '58". Seated, left to right: from Minneapolis, T. G. Carlson and W. B. Olson of the car department; Mrs. Alice Lynch, chief telephone operator; C. F. Prescott, engineering department; and H. N. Nelson and W. Nepsha, car department. First row, standing, from left: F. P. Scheck, Minneapolis locomotive department; J. J. Lucker, St. Paul car department; Assistant Car Foreman A. J. Demmers, St. Paul; O. G. Neuwirth, store department, and H. L. Gerdier and Concepcion Bquez, locomotive department, all of Minneapolis; T. H. LeBoutillier, L & R Trainman; H. E. Spencer, mail and baggage department, and W. H. Lundquist, locomotive department, Minneapolis; and L & R Trainman E. B. West. Back row, from left: M. J. Kline, Minneapolis locomotive department; Conductor Arthur Morgan, St. Paul; L & R Conductor A. J. Sarazin and Ben Petersmeier; R. J. Leisenn, claim adjuster, and J. M. Allmon, car department, Minneapolis; and Jobe Francis, locomotive department, and M. C. Ahearn, assistant chief clerk, St. Paul.

A view of the banquet at the Calhoun Beach Hotel.

Above right: The Milwaukee Derails click with "I've Been Workin' on the Railroad". Front, from left: Archie Ostby, Minneapolis locomotive department; T. B. Hughes, retired St. Paul coach yard foreman; and Emil Baeyen, district diesel supervisor, and R. B. Allard, chief carpenter's office, Minneapolis. Rear, from left: Stationmaster J. J. Taylor and Timekeeper B. F. Nelson, Minneapolis; W. C. Klar, St. Paul locomotive department; and W. O. Ray, Minneapolis freight office.

Musical depreciation, in the manner of the Zenda Goofers, was something to be seen as well as heard. On trumpet at left is Mrs. R. E. Melquist, wife of retired Minneapolis car foreman.
The important role of the trained railroad craftsman, not only in his own field but in industry at large, was spotlighted recently when the governor of Missouri proclaimed the opening day of the second annual National Railroad Apprenticeship Conference in St. Louis as Railroad Apprenticeship Day for the entire state. An address by C. M. Roddewig, president of the Association of Western Railways, emphasized the theme, "Progress is nothing more than the accumulation of skills," he told the delegates, "of apprentices adding tomorrow to what they learned today."

Admitting concern over the economic plight of the railroads as a result of present government policies, Mr. Roddewig nevertheless predicted a continuing need for employee training programs. "A new day may be approaching," he said, "that could herald new job opportunities, new skills and more security for the men and women who have apprenticed themselves to learn the trades of the industry."

The program chairman of the three-day conference, which was attended by management and employee delegates from 38 railroads, was the Milwaukee Road's W. N. Bittner, locomotive shop superintendent at Milwaukee Shops. Representing the Road's employees were Machinist Apprentice Raymond E. Fitzgerald and Electrician Apprentice Ronald M. Seebruch, who were among 34 shop craftmen singled out from the nation's railroads to receive "Outstanding Apprentice" certificates.

On-the-job training of apprentices, which requires slightly more than four years for the course, is available at the Road's shops in Milwaukee, Minneapolis, St. Paul, Harlowton, Mitchell, Deer Lodge and Tacoma. At various locations it is augmented by attendance at trade schools. Competition for the certificates is open to apprentices in the sixth, seventh and eighth periods of training. In assigning them, consideration is given to attendance, performance, progress on the job and in the classroom, and to all around development of skills.

Apprentices Fitzgerald and Seebruch were selected for the merit awards on a system-wide competition. Both are employed at Milwaukee Shops, where job training is supplemented by courses at the Milwaukee Vocational School. They have been with the Road since 1951, and put in two years as helpers before starting their apprenticeships. The recognition accorded them at the national conference was in the nature of a tribute to the Road's training program, as well as a personal honor.

Instructing the Instructors

The "back to school" movement in September was literally that for four members of the Road's police force—Captain R. H. Rollins of Deer Lodge, Lieutenant C. F. Wagner of Sioux City, and Lieutenants B. A. Rupprath and J. L. Mess of Chicago were among 35 railroad security officers of this and foreign countries who spent two weeks in intensive classroom study at the eighth National Railroad Police Academy.

The purpose of the Academy, which is conducted annually in Chicago under the auspices of the Protective Section of the Association of American Railroads, is the advanced training of experienced railroad police officers to assist them in conducting training programs on their own lines. In addition to sessions on the general training and responsibilities of supervisors, the 1958 school dealt with court decisions affecting police problems, the investigation of freight and baggage claims, of arson and suspicious fires, juvenile problems, the use of firearms, photography, first aid, public speaking, and other subjects of concern to railroad police officers.

Its highlight was a moot trial, presided over by United States District Court Judge Julius Hoffman, having to do with the theft of an interstate shipment from a box car. Under realistic courtroom conditions, the project researched the scene of the theft, the preservation of evidence in the forms of plaster casts, finger prints and so on, the interrogation of witnesses, and the presentation of evidence in court. E. F. Conway, superintendent of the Road's police department, who was a member of the Academy's special committee, served as a juror on the case.

In addition to lecturers and instructors provided by the railroads—A. W. Shea, superintendent of safety for The Milwaukee Road, lectured on the railway policeman's part in railroad safety—teacher talent was furnished by the Chicago and Milwaukee police departments and the Federal Bureau of Investigation. At the end of the course, Messrs. Rollins, Wagner, Rupprath and Mess were awarded diplomas testifying to their "graduation."
**Traffic Department**

Effective Nov. 1, 1958:

The following individuals will have headquarters in Chicago.

L. R. Whitehead is appointed freight traffic manager, sales and service, succeeding E. W. Chesterman. Mr. Whitehead has been with the Road since 1935, starting in Des Moines and transferring in 1941 to Chicago where he was formerly chief clerk to assistant general freight agent. He has been assistant to vice president since July 1, 1957.

R. T. White is appointed assistant to vice president, succeeding L. R. Whitehead. Since entering service in 1926, Mr. White has been chief clerk in the Chicago general agent’s office, traveling freight agent with headquarters in Chicago, and since 1951 division freight agent, Chicago.

J. J. Landrigan is appointed assistant to general freight traffic manager. Mr. Landrigan has been with the department since 1910. He was formerly assistant general freight agent in Chicago, and since 1954 has been general freight agent there.

H. Ruud is appointed general freight agent, succeeding J. J. Landrigan. Mr. Ruud entered service in Chicago in 1924 and has served since as chief clerk to assistant general freight agent and to freight traffic manager. Since 1951 he has been assistant general freight agent.

G. H. Kronberg is appointed assistant to freight traffic manager, sales and service. Mr. Kronberg has served the department as chief clerk in Detroit, as traveling freight agent in Atlanta and Mason City headquarters, district freight agent in Washington, D. C., and most recently as general agent in San Francisco.

J. E. Shannon is appointed division freight agent, succeeding R. T. White. Mr. Shannon has been with the Road since 1922. He was formerly city freight agent and also traveling freight agent in Milwaukee, and since 1953 has served as assistant general agent in Chicago.

D. J. Staley is appointed service agent. Mr. Staley, who started in the accounting department in 1925, has served the traffic department as city freight agent in Detroit, traveling freight agent at Cincinnati, and most recently as chief clerk to various department heads in Chicago.

O. R. Anderson is appointed general freight agent. Since starting with the Road at La Crosse in 1918, Mr. Anderson has served as city passenger agent, traveling passenger agent, and general agent passenger department in St. Paul. He has been general passenger agent in Seattle since 1948.

Effective Nov. 15, 1958:

W. B. Fisher is appointed general freight agent, following the death of H. O. Engel. Starting with the department in 1919 in Chicago, Mr. Fisher was formerly chief clerk in the coal traffic and the general freight departments there, as well as assistant general freight agent. Since July he has filled the latter position in Seattle.

Effective Oct. 1, 1958:

S. J. Monroe is appointed city freight and passenger agent at Buffalo, N. Y. Mr. Monroe, an employe since 1945, has served the department in Milwaukee, and in Detroit as city freight agent since 1954.

J. W. Webner is appointed traveling freight and passenger agent at Cleveland, Ohio, succeeding C. J. Duggan. Mr. Webner has been employed in the general agent’s office in Cleveland since 1947, as city freight agent since 1951.

G. B. Hanson is appointed city freight agent at Cleveland, succeeding J. W. Webner. Starting with the Road in 1950, Mr. Hanson has served in the Cincinnati office since 1958.

L. H. Villwock is appointed traveling freight agent in Milwaukee, assistant to western traffic manager, and since Sept. 1, 1957 as general freight agent, sales and service, Seattle.

O. R. Anderson is appointed general freight agent. Since starting with the Road at La Crosse in 1918, Mr. Anderson has served as city passenger agent, traveling passenger agent, and general agent passenger department in St. Paul. He has been general passenger agent in Seattle since 1948.

Effective Nov. 15, 1958:

W. B. Fisher is appointed general freight agent, following the death of H. O. Engel. Starting with the department in 1919 in Chicago, Mr. Fisher was formerly chief clerk in the coal traffic and the general freight departments there, as well as assistant general freight agent. Since July he has filled the latter position in Seattle.

Effective Oct. 1, 1958:

S. J. Monroe is appointed city freight and passenger agent at Buffalo, N. Y. Mr. Monroe, an employe since 1945, has served the department in Milwaukee, and in Detroit as city freight agent since 1954.

J. W. Webner is appointed traveling freight and passenger agent at Cleveland, Ohio, succeeding C. J. Duggan. Mr. Webner has been employed in the general agent’s office in Cleveland since 1947, as city freight agent since 1951.

G. B. Hanson is appointed city freight agent at Cleveland, succeeding J. W. Webner. Starting with the Road in 1950, Mr. Hanson has served in the Cincinnati office since 1958.

L. H. Villwock is appointed traveling freight agent in Milwaukee, assistant to western traffic manager, and since Sept. 1, 1957 as general freight agent, sales and service, Seattle.
Jeremiah Welch

Jeremiah Welch, retired assistant secretary and treasurer in New York City and one of this company's most colorful personages, died Oct. 4 at Holy Family Hospital in Brooklyn, N. Y., his longtime home. He was 84 years of age.

When "Jerry" Welch retired on Dec. 31, 1948, he was the acknowledged dean of eastern railroad treasurers. He was born in Lawler, Ia., and started his career as a waterboy for the Great Northern. In 1904 he joined the Montana Railroad—the "Jawbone"—at Helena as an auditor, and shortly after that line was absorbed by the Milwaukee in 1910 became the auditor of another Milwaukee Road affiliate, the Chicago, Milwaukee & Puget Sound. Subsequently he was appointed the Road's assistant general auditor. During Federal control in 1918-1920 he served as comptroller, and when it ended was appointed assistant comptroller at Chicago. He transferred to the New York financial office in 1922.

Mr. Welch was active for many years in the accounting and treasury divisions of the A.A.R., both as an organizer and committee chairman. He was well known as a baseball fan, particularly of the Dodgers, and after he retired seldom missed a home game. Surviving him are his wife, Mary Pauline Harty Welch; two daughters, Mrs. Elizabeth Akron and Miss Mary Welch; and two sons, John W. and Edward T.

R. Richter is appointed train rules examiner with headquarters at Marion, Ia., following the death of J. O. Willard. Mr. Richter started his service as a relief agent on the Madison Division in 1942. Since 1949 he has been train dispatcher in Milwaukee.

Mechanical Department

Effective Oct. 1, 1958:

W. N. Bittner is appointed shop superintendent of the Milwaukee Locomotive Shops with headquarters at Milwaukee Shops, following the death of C. G. Benzendorf. Mr. Bittner started with the Road in 1935 in his native Milwaukee, where he has been assistant machine shop foreman and most recently shop engineer.

H. T. Odegaard is appointed shop engineer of the Milwaukee Locomotive Shops, Wheel and Forge Shop, and Tomah Shops, with headquarters at Milwaukee Shops, succeeding W. N. Bittner. Mr. Odegaard, who started as a special apprentice in 1922, has been in the mechanical engineers office in Milwaukee since 1935.

Effective Nov. 1, 1958:

W. B. Gage is appointed assistant master mechanic with headquarters at Mitchell, S. D., and will have jurisdiction over mechanical matters on the Iowa, Minnesota & Dakota Division, succeeding J. A. Thompson who has been assigned to other duties.

E. F. Hatzenbuhler is appointed master mechanic of the Hastings & Dakota, Twin City Terminal, Duluth Divisions, the La Crosse & River second and third districts, and La Crosse, Wis., with headquarters at St. Paul, following the transfer of W. B. Gage.

Police Department

Effective Nov. 1, 1958:

R. H. Rollins is appointed captain of police with headquarters at Deer Lodge, Mont., following the retirement of H. M. Richmond. Mr. Rollins started in 1945 as a special officer in Moberidge, was promoted to sergeant of police in Miles City in 1953 and to lieutenant of police at Butte in 1954. He has been acting captain of police in Deer Lodge since August, 1957.

F. J. Bushey is appointed lieutenant of police with headquarters at Perry, Ia., following the retirement of A. W. Nicholson. Starting in 1951, Mr. Bushey was employed as a clerk on the Coast Division prior to joining the police department in January, 1956. Since Aug. 1, 1957 he has been special officer in Seattle. He is a recent honor graduate of the Seattle Police Academy.

C. S. Winship

Charles S. Winship, retired division freight and passenger agent who was well known on Lines West, died Oct. 14 in Spokane. He was 62 years of age.

Mr. Winship started with the Road in March, 1916 as a clerk at Moberidge, S. D., and worked in various capacities in the operating department before transferring to the office of the general agent in Seattle in 1922. After some service as a traffic solicitor he was appointed city freight agent there in 1928 and promoted to traveling freight and passenger agent in 1936. He served as an assistant train master until his retirement in 1942. He had been active on Lines West for 28 years.

His survivors include his wife Alta of Spokane, a daughter and two sons.

November-December, 1958
Seattle General Offices
Margaret Hickey, Correspondent
General Manager’s Office
Margie Haley, daughter of Douglas A. Haley, assistant chief clerk general manager’s office, was married recently to Russell C. Vandenberg in St. Joseph’s Catholic church, Seattle. Mr. and Mrs. Vandenberg are students at Seattle University.

W. F. Kramer, chief clerk to general manager, and Mrs. Kramer spent three weeks of October visiting friends and relatives in Southern California, also taking in the sights in Tijuana, Mexico.

Valeria LaFortune, retired city ticket office stenographer, died Oct. 11 in Seattle after an illness of several years. Miss LaFortune was born in Chicago. She started to work for the Road May 1, 1923, as stenographer in Seattle, which position she held until her retirement in October, 1953, due to ill health. Services were held in St. Patrick’s Church. A brother, Frank LaFortune of Seattle, survives.

Lucille Eaton, clerk in telegraph office, visited her parents in Minneapolis in September, then went on to Detroit where she picked up a new Chevrolet, driving back through the Black Hills and Yellowstone Park. She was accompanied by her son and daughter-in-law, Mr. and Mrs. Robert C. Eaton.

 Mildred Ramberg, who has been secretary to western director industrial and real estate development for the past 12 years, has resigned to devote more time to home making and travel. Mrs. Madge Dougherty will take over Mildred’s position. LaVon Perkins will be new stenographer-clerk in the department.

Arthur Victor is new assistant industrial engineer succeeding Keith Bates who had to give up his position for Army service.

Gladys Kelly, secretary in engineering department, and Monica Murphy, of the Milwaukee Land Company, started on their vacation the first part of October. It took them from Miami to the West Indies, and as far as Venezuela and the Dutch West Indies.

Pat Cary and Merlin Weil are new telegraph operators in Seattle relay office.

Sympathy was extended to J. P. Knuehman, assistant engineer communications, on the death of his mother, Mrs. Katherine Knuehman, 96, at St. Vincent’s Nursing Home, Seattle, Oct. 26.

In a letter to his former colleagues in the Seattle relay office, Frank Blair, telegrapher who retired Aug. 26, advised that he was visiting with his son Frank at Irvington-on-the-Hudson, accompanied by Mrs. Blair, and doing some cruising on the Hudson in son Frank’s cruiser, seeing many famous places. Frank Jr. is a well-known TV announcer and is frequently seen on NBC programs. During their stay he flew to Rome to see the news pertaining to the Pope’s death and funeral. Mr. and Mrs. Blair, upon completion of their eastern trip, will move on to San Luis Obispo, Calif., where they will make their future home.

Off Line Offices
EDMONTON, ALTA.

At the first fall meeting of the Edmonton Transportation Club, District Freight & Passenger Agent Robert Moreland was elected president. Mr. Moreland, whose railroad employment dates from 1929 with the Canadian Pacific, has been with the Road since 1938, starting as chief clerk at Winnipeg, Man. He was appointed TX&PA at that point in 1944, transferred to Edmonton in the same capacity in 1951, and was promoted to DF&PA in 1957.

Chicago General Offices
AUDITOR OF EXPENDITURE’S OFFICE
Mary Harrison, Correspondent

Emily McDyer, of the timekeeping bureau, was unanimously elected and installed as president of Chicago Chapter No. 1 of the Women’s Army Corps-Veterans.

Kathleen Naughton, of the bill and voucher bureau, left this office to take the position of secretary to Architect K. B. Hornung.

Wedding bells rang for the following: Carlene Soderberg, secretary to the auditor of capital expenditure, and Stephen Krumpack of the bill and voucher bureau, who were married at St. Sebastian’s Church Sept. 6; and on Sept. 27 Carol Duffy, of the supervisor of machine accounting office, became Mrs. Daniel Kelley in a civil ceremony in Evanston. Joseph Mondigl, bill and voucher bureau, took Marilyn Potraz as his bride. Joan Nonnemersen, payroll bureau, married Henry James Loyer in Logan Square Baptist Church, and Jill Zimmer, timekeeping bureau, became Mrs. Robert Malohn at the First Methodist Church in Elgin, Ill. On Oct. 11 Marion Dutrisac of the A.P.E. Bureau was married to Robert James Stangby in the chapel of St. Peter’s Church.

Sympathy was extended to the family of Walter E. Lane, who became ill while

PENNANT WINNERS of Chicago’s Hamlin Park Industrial Softball League this year were these employees of the Fullerton Avenue accounting department offices.

AT work Sept. 9 and passed away Sept. 26. He is survived by his wife and daughter Irene.

Traveling Accountant Robert Notson's wife presented him with a baby son on Oct. 8, "Kenneth Robert" by name. Traveling Accountant John Ritter became a grandfather for the eighth and ninth times Oct. 27 when his daughters Jean and Audrey each became mothers of baby girls.

That sparkle on Gail Wilson's third finger left hand was put there by Jay Johnson and they expect to become Mr. and Mrs. Johnson sometime next year.

Catherine Milschke left the office of the supervisor of machine accounting on Oct. 24 to enter the convent of the Glenmary Sisters in Cincinnati, Ohio.

Comptometer Operator Natalie Dodd returned from a month-long tour of Europe. Her route took her from Chicago to New York to Ireland to Germany and then by bus from Hanover to the Brussels Fair. She is sharing her trip with us by the interesting souvenirs, pictures and tales of her experiences. Ela Vi Conroy has returned to Chicago from California.

After a honeymoon spent in Milwaukee, Mr. and Mrs. Albert Bonini are now at home in Chicago. Mrs. Bonini is the former Ellen Siers, secretary to the auditor of expenditure. The marriage took place recently at St. Bonaventure's Church.

ENGINEERING DEPARTMENT
Grace E. Klauber, Correspondent

W. M. "Ludy" Ludolph, assistant engineer, embraced the leisurely way of living on Sept. 30, after more than 42 years of continuous service. A native of Minneapolis, Mr. Ludolph started with the engineering department there on June 5, 1918, upon graduating from the University of Minnesota with a degree in civil engineering. In 1917 he was transferred to the department in Chicago, where he has since been employed. A large number of friends and associates held a retirement luncheon in his honor at the Midland Hotel.

Theresa Walsh succeeds to the position of secretary to B. J. Ornburn retired two years ago, Otto Stepaneck has returned to work as bridge designer under E. E. Burch, bridge engineer.

Paul Diversy has been added to our staff in the record room. Sympathy was extended to Theodore T. Pulsha on the death of his grandmother Sept. 17.

AUDITOR OF EQUIPMENT ACCOUNTS
Chuck Krawczyk, Correspondent

Martha and Len Courtwright are the proud parents of a boy, "Glen Thomas" arrived Oct. 17. Martha was our former Magazine correspondent.

A toaster carried the warm wishes of the office to Judy Gannon who walked down the aisle of St. Priscilla's Church to become Mrs. Jack Hanco Oct. 18. Mike Ukropin of the reclaim bureau and Fran McGann of the key punch force got together Nov. 8 to become Mr. and Mrs. at St. Angela's Church. Wedding gifts from the office included an electric toaster and frying pan.

Auditor Station Accounts
Lucille Forster, Correspondent

A daughter, Barbara, was born to Joseph (claim investigator) and Mrs. Conradsen Sept. 16, and a son, William Arthur, to the Frank F. Glasbrenners Sept. 18. Mr. Glasbrenner is a PU&D clerk.

Edwin C. Divsey has been added to our staff in the record room.

Employe Sings at Brussels World Fair

Concert at the American Pavilion, Mel Burlingame at left end of first row.

“'The most unforgetable experience of my life,' is how Switch­
tender M. R. "Mel" Burlingame describes his ap­
ppearance with the Apollo Club, the famous Minneapolis choral group in which he sings first tenor, at the Brussels World Fair in September. Of their concert at the American pavilion, he says: 'What a gor­geous setting. Our lovely building for a background, banners flying in the breeze, the beautiful pool and fountains surrounded by the flags of the 48 states, and 80 men singing 'This Is My Country', and meaning every word of it. Thousands of people had gathered, and a crescendo of applause arose even before the finale. I shall never tire thinking of it.'

Two concerts were given, and Mel was among 20 of the singers who appeared later on a program broadcast by The Voice of America. The group also gave a per­formance at the Cinerama Theater in Lon­don, in connection with a showing of The Seven Wonders of the World, for which they had made a sound track.

The 12-day trip, via air from New­foundlond with stops in Shannon, London and Paris, was a whirl of sightseeing, sou­venir shopping and being entertained by dignitaries. Mel took a lot of interesting pictures, including some of actor Maurice Chevalier, whom he encountered in Paris making location shots at Napoleon's Tomb.

Upon the singers' return to Minneapolis they were honored at a civic reception.

proud parents of a boy. The new ar­rival, Richard Alan, has already taken on the nickname of "Ricky".

Dorothy St. George of keypunch and coding and her husband Pete welcomed into their home a baby girl, whom they've named Carrie Lynn. She is Erna Hendrickson's first granddaughter and my first niece.

OPERATING DEPARTMENT

G. C. Harder, Correspondent
Office of Vice President-Operation

C. A. Nummerdor, retired general su­perintendent of transportation, was a recent caller. He said he was getting ready to leave about Nov. 1 for his home in Sunnyslope, near Phoenix, Ariz.

Earl Hazelwood, formerly chief clerk to the superintendent at LaCrosse, Wis., has joined Mr. Downing's staff.

Mary Brower, Mr. Downing's office, has been on the sick list since Sept. 24, at which time she underwent surgery. She is improving rapidly.

Kaye Eyre, teletype operator, has said "yes" to Billie Konyk of Winnipeg, Canada. They were to be married in late November.

Steve Mangellozzi, car distributor in the transportation department, under­went surgery at the Oak Park Hospital Oct. 27. At this writing; understand he is improving rapidly.

OFFICE OF AUDITOR OF PASSENGER ACCOUNTS

Bill Tidd, Correspondent

Wedding bells rang for Robert Ben­son and Loretta Reilly Sept. 20, at Our Lady of Mt. Carmel Church, followed by a reception attended by their many friends of this office; honeymoon, Lake Geneva, Wis.

We welcomed back Elvira Ahlberg and Larry Gradsecki, and said good­bye to Betty Le May who resigned to devote more time to family and travel.

Roy Tiedji replaced Frank Zapp who retired as bureau head of the conductors accounts and ticket checking bureau.

GENERAL

Mrs. Edwin G. Hale, wife of the for­mer agent at the Union Stock Yards, passed away suddenly Oct. 3. Since Mr. Hale's retirement in 1944, the couple had made their home at the farm near Glasford, Ill., where she was born Dec. 17, 1880. The Hales observed their golden wedding five years ago.

A REAL LIVE DOLL. A star performer in the Austin High School (Chicago) ballet and choir, 17-year-old Kathleen Williams, daughter of Baggage man Fred Williams, is pictured in her costume for "Guys and Dolls" which was presented by the school Oct. 24. Kathleen, who has been dancing since she was three, teaches ballet at the Austin "Y", and is working for a YMCA scholarship to further her ambition to become a teacher of physical education. Baggage man Williams is on the Chicago-Milwaukee runs of trains 27 and 16. (Chicago Tribune photo)

grandchild and they are certainly proud.

Sympathy was extended to the William Henry Woodhouse family upon his death Aug. 30. Bill, 83, was a retired station baggage man. He was employed by the Road from 1917 to 1954 completing 37 years of service. Surviving are four sons, William P, Minneapolis; Don W., Milwaukee; Chester and Clay, both of Mason City, and three daughters, 27 grandchildren and 18 great grandchildren.

This division was deeply sorry to learn of the sudden death of Homer J. Young, 69, at Garner, Ia. Homer worked for the Milwaukee for 36 years. He was a clerk at Garner, and later was roadmaster in the Algona office 20 years. Surviving are his wife and two daughters.

Congratulations to Rolland (Rollie) D. Walston, chief clerk DF&P A office, Mason City, upon his election as secretary-treasurer of the North Iowa Traffic Club.

October 1 marked the close of 45 years service for H. D. Grimes, agent and operator at Lily since Nov. 30, 1915. Before that, he had worked as agent's helper at Grand Meadow, Minn., and as
Ben A. King, retired Austin conductor, who founded the St. Augustine Parish Credit Union there in 1935, was recently selected as Brothers Keeper for 1958 in southern Minnesota. More than 300 members of credit unions in 32 counties honored him at a dinner at which he was cited for his contribution over the years to credit union, fraternal and community activity. Mr. King, a graduate of St. Thomas College, St. Paul, has been president of the local credit group since 1953 and has served two years as a director of the Minnesota League of Credit Unions.

After three years of failing health, George W. Ames, 73, died in St. Olaf Hospital, Austin, Minn., Sept. 9. Burial was in Oakwood Cemetery. Mr. Ames was a member of the ORC and a veteran of 49 years service with the Road. He was a native of Knapp, Wis., but had lived in Austin for 59 years. His survivors are his wife Adaline; two sons, Lawrence of Austin and Harold of New Ulm; two daughters, Mrs. Donald Buchanan (Hazel), Great Falls, Mont., and Mrs. Loren Peach (Margaret), Fort Dodge, Ia.

Jess W. Hammett, 69, retired Milwaukee Road engineer, died Sept. 12 in a Green Bay Hospital after a short illness. Mr. Hammett was a lifelong resident of Green Bay, an employee of the railroad for 43 years, and a veteran of World War I. He is survived by a brother, Frank, Menasha, and a sister, Mrs. Ed Bush, Walker, Minn. Burial was from St. Patrick's Church, with military rites at Fort Howard Cemetery conducted by the Legion.

John R. Mahon, 70, a Milwaukee Road engineer for 49 years, died suddenly in a local hospital Sept. 26. He was one of six brothers and sisters in an old pioneer family closely identified with the organization and settlement of Green Bay and Preble. Mr. Mahon had lived in Butte until 1949, when he returned to the old homestead to live with his sisters, Mary, Katherine and Elsie, who survive him. Funeral services were held at St. John Evangelist Church.

SPOKANE

Melvin F. Bell, Correspondent
Assistant Superintendent's Office, Spokane

Bowling as the "Milwaukee Chiefs" in the Spokane city industrial league are five railroad employees. Team captain is Chet Alison, police department. Ray Moore, district adjuster, Wayne Rentel, assistant superintendent, Clerk W. V. Johnson, and Harry Ehmer of the traffic department are the other members.

In a luxurious 53-foot yacht, the Modesto II, Captain and Mrs. Fred Brochlie and the Modesto's owner, Mr. and Mrs. Ted Worthington, cast off from Tacoma for three weeks' vacation. Their cruise took them to the northern point of Vancouver Island. With fishing at its best and wonderful weather throughout the trip, we were a bit surprised to see Captain Brochlie return to work.

Retired Chief Dispatcher and Mrs. R. E. Joiner are in California at this writing, visiting her daughter and Mr. Joiner's brother whom he has not seen since 1908. Also heading south to make their home in San Diego are Retired Agent Operator C. H. Coplen and wife.

K. V. Garrett, agent, Plummer, Ida., has returned to the University of Idaho at Moscow to complete work toward his Master's degree in business administration and accounting.

Retired Conductor Harry Hook suffered a broken leg in an auto accident near Colorado Springs early in October. Mrs. Hook, also a passenger in the car, was not injured.

Hugh Melian, agent at Deer Lodge, Mont., is reported convalescing in a Seattle hospital.

The happy and excited voice of a new father rang in our home recently reporting the arrival of Christine Kay Hirst, first child of Conductor Steve Cudahy who had served on this run for many years.

EAST END

L. C. McKinnon, Correspondent
Locomotive Engineer, Three Forks

Retired Engineer R. C. Daniels who moved to Paradise, Calif., a few years ago, died suddenly at his home there Aug. 30. Bob worked for many years as fireman and engineer for the Road.

Harry Hoye, chief clerk to the superintendent at Deer Lodge, has been given a similar position with the superintendent of the Hastings & Dakota Division, with headquarters in Aberdeen.

Retired Conductor Charles W. Healy died Sept. 25 at St. Joseph Hospital in Deer Lodge. Mr. Healy was born in Waseca, Minn., Feb. 4, 1877 and had been with the Road from 1908 until his retirement in 1952. He was working as a passenger conductor when he retired.

Retired Operator Mrs. Malinda M. Houston passed away Sept. 21 at a Butte hospital. Mrs. Houston worked as operator from 1915 to 1917. She was matron of the Milwaukee Club House from 1917 to 1949.

Engineer F. R. Cavanaugh died suddenly Oct. 15 as he was being taken to the hospital in Missoula. Mr. Cavanaugh was engineer on the Bonner log run and local chairman for the engineers.

Retired Roadmaster Sam Lee passed away Oct. 3, 1958 at his home in Harlowton, Mont. Funeral services were held in the Perkins Funeral Home.

From Superintendent S. E. Herzog we

November—December, 1958
learned of a crisis averted recently on a westbound Olympian Hiawatha when a woman passenger became seriously ill. Responding to a call from the conductor over the loud speaker system for someone with medical knowledge, Mrs. Ilene Barclay of Chicago administered first aid until the woman could be removed from the train at St. Maries and hospitalized. It is believed that Mrs. Barclay may have saved the woman’s life, and she was so informed.

Henry M. Richmond, captain of police at Butte, retired Nov. 1, 1958 because of ill health. He started service with the company at Chicago as a carman in August 1923, worked at Marmarth, N.D., in the maintenance of way department, then transferred to the police department as special officer at Harlowton, Mont., July 25, 1927. He was promoted to captain June 1, 1949.

**H & D Division**

**MIDDLE AND WEST**

R. F. Huger, Correspondent
Operator, Aberdeen

Sympathy was extended to the family of Carman Jack Moore who suffered a fatal heart attack while hunting. Funeral services were held at Aberdeen.

"Pamela Rae" arrived at the home of yours truly Oct. 19.

The hunting season is in full swing at this writing and the birds seem to be more plentiful than for many years. Everyone should have a supply for the winter when the pheasant season ends Dec. 7. The trappers are getting ready for their turn—the more ardent ones being Lyle Koller and E. L. Tiffany, agents at Groton and Edgeley respectively.

**VETERAN BELOITER RETIRES.** L. J. Cain, general roundhouse foreman at Beloit, Wis., surrounded by well-wishing friends as he retired Oct. 10. Congratulating him are, from left: Lieutenant of Police Robert Riedman, Assistant Superintendent W. F. Plattonberger, Traveling Engineer A. T. Ireland, Division Stereotyper John Cioni and Chief Dispatcher A. C. Morrissey. Mr. Cain, a 48-year veteran who had been at Beloit 22 years, was honored at an employees party in the Elks Club. (Beloit Daily News photo)

Retired Engineer Art Birdseye, 75, passed away suddenly of a heart attack. Funeral services were held at Aberdeen Nov. 10.

**EAST END**

Martha Moehring, Correspondent
Asst. Superintendent’s Office, Montevideo

When the Richfield (Minneapolis) Little League baseball team was recently featured on Dick Nesbitt’s TV sports show, the five-year old bat boy was picked for an interview. He was Larry Habegger, son of Engineer Fred Habegger. Fred’s nine-year old son, Bruce, is a member of the team.

Agent Jerry Beck of Ortonville is always happy when a letter from Germany arrives in his mail. The Becks’ daughter Ruth is teaching at the American Air Force School near Frankfurt this year.

Recent deaths in the H&D family include those of a former chief carpenter, Orin Blake of Spokane; John Muth, 92-year-old former agent at Corona, S. D.; and Marius Broten, retired B&B foreman of Montevideo.

Retired Passenger Conductor Albert Johnson is a patient at the Cedar Pines Rest Home in Minneapolis at this writing.

Ronald Natzel, son of Yard Foreman Harold, went out with his bow and arrow during the recent local deer season and shot a fine 4-point buck weighing 154 pounds. A couple of days later he got a second one.

After being absent for several months due to a heart condition, Agent Chuck Rodeberg is back on the job at the Watson depot. The Rodebergs recently moved into a new home which they had built in Montevideo this summer. At Ortonville, Conductor Ed Martinson is also getting settled in a new home.

L. J. Cain, recently retired roundhouse foreman at Beloit, gave an illustrated talk entitled "Forty-eight Years on the Railroad" at the Sept. 24 meeting of the Men's Club of the First Congregational Church, Beloit.

To mark his retirement after 49 years of service—all of it on the Madison Division—friends and relatives greeted Engineer J. G. Hummel when he brought engine No. 6 into the Janesville yards from Monroe Sept. 30. A native of Washington County, near Hartford, Mr. Hummel located in Janesville in 1907 and started work as a fire knocker at the roundhouse May 29, 1909. Mrs. Hummel died in 1957 but a son, Stuart K., lives in Milwaukee and twin daughters, Mrs. Arthur Anderson, now visiting her father, and Mrs. Orey Bell live in Arizona.

John P. Goggin, 34, a Madison fireman and engineer since 1947, died suddenly Sept. 29. He is survived by his wife Lilly; a daughter, Patricia; and four sons, Thomas R., Robert J., Donald J. and Timothy M.

Coast Division

TACOMA

E. L. Crawford, Correspondent

Hospitalized at the present writing as a result of a recent heart ailment is W. E. "Mort" Eshelman, former clerk in the freight house who retired several years ago on account of illness. At this writing his condition is not too serious.

The freight office gang were happy to hear of the appointment of F. J. "Frank" Bushey as lieutenant of police with headquarters at Perry, Ia. Genial Frank worked for several years in the billing department before entering the police force.

Chief Clerk Ray Fink and wife wound up their last week's vacation on a hunting safari.

Agent O. R. Powels and wife enjoyed Chicago, New York, New Orleans and Florida on their vacation.

Happy milestones and the pleasures of life are being enjoyed by 92-year-old J. A. Gordon, retired many years ago. Mr. Gordon is a seasoned and experienced traveler and at this writing is sending postal card greetings from various sections of the United States. He is the father of Car Distributor George Gordon.

Cause for celebration at the J. E. Lee home is Kevin John, born Oct. 27, who joins two sisters and a brother. Mr. Lee is chief clerk to assistant general storekeeper, Tacoma.

The delight of the Donald Mooney family is a bouncing boy, born Oct. 14, their first child.
Retired Agent Operator Blanche M. Johnson of Raymond and various points on the Coast Division writes that she is living in a trailer park with her granddaughter, about 16 miles north of downtown Phoenix. They have an olive tree, orange, tangelo, lemon and grapefruit tree in their yard. She will welcome mail from her Milwaukee friends—Route 2.

C. P. “Pinky” Miles and wife are getting a taste of Las Vegas life and hoping to break the bank. Happy spending.

George Cooper of Worley, Idaho, relieved in the dispatcher’s office during Mr. Miles’ vacation.

Engineer Edward L. Taunt died Sept. 9 in a local hospital at the age of 49.

John V. Hartman of the engineering force at Savanna, and Bettie Carlborn Hartman recently repeated marriage vows in the Methodist Church, Farmington, Minn. Glenard Haugen, of St. Louis Park, Minn., formerly of engineering force at Savanna, was best man. The honeymoon was spent in Mackinac Island and various Canadian cities.

Charles Miller of the car department, Savanna, was married Aug. 3 to Ann Elizabeth Walston, also of Savanna, the ceremony taking place in the First Methodist Church. Following a wedding trip they are making their home in Savanna.

The Michael Lennon home (signal maintainer, Savanna-Sabula) in Sabula, Iowa, was the scene of considerable activity during September and October when the two older daughters were married. Mary Carolyn became the bride of E. J. Fleege Sept. 13 in St. Peter’s Catholic Church in Sabula, and Joan Elizabeth became the bride of Robert C. Smith in St. Patrick’s Catholic Church in Tama, Iowa, Oct. 3.

Iowa Division Conductor M. Frederick, Savanna, and Mrs. Dorothy Ann Preston were married Oct. 31 in St. Peter’s Lutheran Church in Savanna.

Yardmaster George Correll and Mrs. Masilla Jackson were married in the Community Church, Savanna, Oct. 3.

Conductor Richard A. Adams, Savanna, was united in marriage with Helen Haas, also of Savanna, in St. John’s Catholic Church, Oct. 11. A wedding trip to Las Vegas, Nev., followed the ceremony. Richard is the son of Conductor Richard Adams Sr., Savanna.

Yard Clerk Kenneth Einhart, Savanna Yard, bagged a snow goose Oct. 22 while hunting at Little Buffalo Lake, near the Indian Head, north of Savanna. It weighed between seven and eight pounds.

Mr. and Mrs. Carl Engaldo, car department, Savanna, enjoyed a vacation trip to Montreal, Canada, in October.

John Cravatta, father of Brakeman J. Cravatta Jr., died at his home in Savanna, Oct. 27, after an illness of many months. Mr. Cravatta was born in Sicily, Italy, and came to this country when a young man. He retired as a boilermaker-helper a number of years ago. Services were held in St. John’s Catholic Church. Surviving are the widow, six sons, a stepson and two sisters.

George Keiser, retired conductor, passed away in Jane Lamb Hospital in Clinton, Iowa, during October. Surviving are his widow, son Frank and stepson Harold Briggs.

The Milwaukee Road Magazine
SAVANNA MINOR LEAGUE CHAMPS

this year were the Orioles, managed by Coach Inspector Ben Dauphin, Ross Klippert and Switchman Duane Orr (rear, left to right). Milwaukee Road players were George Kampos, son of Fireman Steve Kampos, and Bobby Powers, son of Ben Powers of the electronics department (front, center and extreme right). Gregg Orr, son of Switchman Orr and grandson of General Yardmaster F. L. Orr, Ronnie Oswald, son of Cor Inspector Dauphin, and Steve Kampos, son of Fireman Kampos (second row, first, third and fourth from left). The team won 12 games and lost 3.

Marie Neilsen, sister of T. T. Neilsen and Lewis J. Neilsen of the mechanical department, Bensenville, and Mrs. John Fisher of Camdenton, Mo., passed away in the City Hospital in Savanna Aug. 31, following a long illness. She was the daughter of the late Walter Neilsen of the mechanical department, Savanna.

Mrs. William Hersey, mother of special officer Harold Hersey and Mrs. Jack Everhart, Savanna, passed away in the home of her daughter Oct. 9. Funeral services were held in the Hunter-Fuller Memorial Chapel with burial in the Savanna cemetery. Surviving are the husband, daughter Virginia, son Max, a grandson and three sisters.

Mrs. Florence G. Mick, sister of conductor Raymond Vesely of Savanna and widow of late conductor, passed away recently in the home of her sister Mrs. Shaner, following a long illness.

Mary Bond, daughter of Lieutenant of Police O. L. Bond, Savanna, has returned to Columbia Bible College at Columbia, S.C., where she is a sophomore. She is a registered nurse and was employed during the summer in the Lutheran Deaconess hospital in Chicago. In addition to her studies, Miss Bond conducts a weekly Bible Class for Negro children and attends the Billy Graham crusade, where she is a counselor.

Upon his retirement Sept. 14 William Madison, locomotive eng¬ineer of Savanna, was presented with a gold watch. Mr. Madison started with the Road as a fireman in 1912 and had 45 years of continuous service.

SECOND DISTRICT

Retired Switchman Roy Campbell of Marquette passed away recently. Funeral services were held in the Methodist Church with burial in the Marquette cemetery. Surviving is one daughter, Mrs. Donald Thein of Elkader, Ia.

THE MILWAUKEE ROAD

is the first domestic railroad to place in service the latest and most flexible automatic Air Brake System ever designed for application to locomotives in freight and passenger train service. The WESTINGHOUSE AIR BRAKE COMPANY with its extensive research facilities has taken a big step forward to assist railroad progress, with the development of the 26-L Brake Equipment which won immediate approval by our Enginemen.

Mrs. D. H. Laury, widow of conductor, passed away in Mercy Hospital, Dubuque, in September. Funeral services were held in St. Patrick's Church with burial in Mt. Calvary Cemetery. Surviving are a son, two brothers and a sister.

Retired Brakeman H. E. Smith passed away recently in Our Lady of Lourdes Convalescent Home in Dubuque. Funeral services were held in the Stueber Funeral Home in Dubuque with burial in Linwood Cemetery. Mr. Smith was a member of the B.R.T., American Legion, Orioles, Moose and Eagles Lodges and served in the Army during World War I, retiring from railroad service in 1954 after a career of 44 years. Surviving are three sisters.

TWIN CITY TERMINALS
TWIN CITIES CAR DEPARTMENT AND COACH YARD

Clerk Luther Smythe, Correspondent
Office of Coach Yard Foreman, Minneapolis

One of the largest revenue shipments our company has ever handled in St. Paul was delivered to the Northern States Power Co.'s High Bridge plant Oct. 31. It consisted of a mammoth GE steam turbine weighing 462,000 pounds and valued at $820,000, which had been routed from Schenectady, N. Y., via the NYC to Ladd, Ill., and on the Milwaukee beyond. Because of its weight—it moved on a flat car that has four sets of four wheels—train speed was held to 25 miles an hour on straight track and 10 miles an hour on curves. A representative of the General Electric Company, Mr. Lathwood, was in St. Paul to be on hand for the arrival of the
unit, and incidentally told our chief clerk, Richard Carlson, that he had never met a more friendly bunch of men than those with whom he had come in contact on his trip to St. Paul. He mentioned particularly Mr. Ryan and Mr. Meyers of LaCrosse.

William Kinar, chief clerk to the master mechanic in St. Paul, left St. Paul Oct. 31 for Seattle, where he is to become a part of the claims department. He is being replaced in St. Paul by Paul Kronebusch, former caller in the South Minneapolis roundhouse.

W. B. Gage, master mechanic in St. Paul, is moving to Mitchell, S. D. He is being replaced by E. F. Hotzenhubler.

Elmer C. Brobst, 74, veteran ticket agent at the St. Paul Union depot until he retired in 1954, died Sept. 22 in St. Luke's Hospital of a heart condition. He had been ill six months. Mr. Brobst was a native of Sibley, Ia., but had lived in St. Paul 48 years and was associated with the depot all of that time. He was a charter member of the St. Paul Passenger Association and an honorary member of the Railroad Auditors Association. Surviving are his wife Elizabeth and a daughter, Waunitta, of St. Paul.

MINNEAPOLIS LOCAL FREIGHT AND TRAFFIC DEPARTMENT

G. V. Stevens, Correspondent
Agent's Office

We are happy to hear Walter Olson from the freight house is improving rapidly after a recent operation on his eyes.

Thor “Ludi” Nelson is on an extended leave of absence because of illness and at this writing is in Glen Lake Sanatorium.

The employes of the local freight office presented Dennis Bushard with a monetary token of their good wishes when he left recently for Phoenix, Ariz. We have since received a letter from him and, because of the lack of employment in Phoenix, he has moved to Los Angeles.

Kurt Martinson, rate clerk in the traffic department, was married Sept. 27.

Mike Steen, chief clerk in the traffic department, had his usual good luck pheasant hunting this year.

CALEWOOD
Ray Bishop, Correspondent

Edward Glower Jr., slip bill clerk at Galewood, recently returned from a tour of duty in the Orient with the Marine Corps, is still keeping up that famous Esprit de Corps. On Oct. 3 the house across the road from Ed's Round Lake, Ill., home blew up with a terrific noise and flash of fire. Ed quickly entered the wrecked home, climbed the burned and blasted stairway to the upper floor where he found and carried to safety his 83-year-old neighbor.

A pheasant dinner was provided at Galewood by Assistant Agent Peterson. And Lester Kodish, formerly of Galewood east end, was the winner of a new Cadillac sedan raffled in the annual Cerebral Palsy fund raising drive. His teen age daughter held the winning ticket.

Roy Preis of the freight house was awarded the monthly grand prize of $1000 by the Railroaders Benefit League. And Lester Kodish, formerly of Galewood east end, was the winner of a new Cadillac sedan raffled in the annual Cerebral Palsy fund raising drive. His teen age daughter held the winning ticket.

now on the Milwaukee and more than 30 Class I railroads and private car companies . . .

Magnus R-S Journal Stops

• double bearing life
• improve performance and lubrication
• reduce wheel flange wear

With Magnus R-S Journal Stops installed on its freight cars, any railroad can realize a saving of about $36 a year on every car. This means that the Stops pay for themselves in less than three years.

With this new device, users are averaging 8,000,000 car miles per road failure of a bearing. And that's not all: you double bearing life, reduce wheel flange wear, and cut maintenance and operating costs all along the line.

R-S Journal Stops are the low-cost, positive answer for hot-boxes. No wonder more railroads and more private car companies are installing more stops every day. For complete information, write to Magnus Metal Corporation, 111 Broadway, New York 4, or 80 Jackson Blvd., Chicago 4.

*This figure based on detailed studies of AAR solid Journal Bearing operating costs.

As manager of the Tom Naples Athletics of Melrose Park, Lester "Dick" Grubb, Bensenville yard clerk, was among members of the Little League Association and Auxiliary who were honored recently at a dinner given by team sponsors at the Sunset Arms Hotel in Franklin Park. The Athletics took first place in the Melrose Park National League for the 1958 season.

Chief Clerk Larry Connery's son Lawrence (Lon), youthful star of the Boys' Major League Program, was honored recently at a gathering of relatives, friends and neighbors in Thillens Stadium, Chicago. Lawrence is a nephew of Crew Director Jack Connery.

At the district convention of B'nai B'rith held recently in St. Paul, Nathan P. Abrams, statistician in the office of superintendent of terminals, was awarded the James M. Steinman Bronze Memorial Plaque for his activities as chairman of the service committee for armed forces and veterans for West Rogers Park Lodge 1455. He won over several hundred entries in the district covering eight Midwest states and four provinces of Canada. His entry was also listed for the national competition.

Lowell T. Pugesek (son of Bill and Rate Clerk Ted) has been assigned to the ice breaker U.S.S. Staten Island, at this writing in Seattle taking on supplies for a six months' cruise to the South Pole. After that mission, Lowell will embark on a six months' cruise to the North Pole.

Eddie (yardmaster) and Mary Parr announced the arrival of a baby daughter recently.

Herman (Cragin tower operator) and Elizabeth Pander welcomed "Michael Steven" recently. He has a sister, Elaine, four.

"John Creig," three pounds and eight ounces, the smallest baby we have recorded, arrived recently at Ravenswood Hospital for the Ray Rebescos. John

IT'S THEIR FIFTIETH. Mr. and Mrs. Archer C. Harris observed their golden wedding anniversary Oct. 15 with a dinner at their home in Tomah, Wis. Mr. Harris retired as maintenance of way storekeeper at the Tomah Shops in 1952, after 45 years of service. Since then he has served a term as mayor of Tomah, and currently is a member of the city council. Mrs. Harris was the first president of Tomah Chapter of The Milwaukee Road Women's Club, in which she remains active.

was kept in the hospital for some time, but is now doing nicely at home.

Switchman Ernie Foster took the pension on Nov. 29 after 38 years on the Road. A young looking 70, he had railroaded since 1908, working for the Pennsylvania, CB&Q, GTW, NYC, RI, IC, EJE, and the Wabash before joining the Milwaukee. He plans to devote more time to his lovely flower garden, and currently is trying his hand at selling special Christmas candy.

Fred Wiggerman, Western Avenue yard clerk, passed away Nov. 4. Fred had driven the night company bus for many years until just recently.

Mr. and Mrs. Wm. H. Ready celebrated their 65th wedding anniversary in October. Mrs. Ready was 84 on Oct. 1 and William (retired terminal yard conductor) will be 84 on Dec. 17.

Your correspondent and hubby, Phone Director Joe Camp, are the proud godparents of little Dorlene Ann Rithamel. Her mommie and daddy own and operate Mercy Ambulance Service, Chicago.

Cliff Conley, first train clerk, has taken a leave due to his wife's health. The doctor recommended a warmer climate.

Mrs. Frank Hanes, wife of retired Milwaukee division conductor, has been on the sick list for many weeks. Hope by now she is much improved.

Noreen Phillips, daughter of Night Yardmaster Glenn, came home from Knox College in October to sing for a wedding. She is attending college on a

Leonard L. Lentz joined the select group of "grampas" when daughter Linda recently gave birth to Michael Quirk. Other veteran grandfathers to achieve more honors were the writer, whose daughter Shirley gave birth to her first child, Michael Montgomery Koller. This makes three grandchildren for the H. J. Montegomerys. Lew McAllister reached No. 4 on the grandson roster when his daughter Virginia gave birth to George Thomas Newgent. Carl Jaeger's daughter Doris gave birth to William Buschbaum, his No. 5 grandchild. The standing is now three girls and two boys.

Mr. and Mrs. L. McAllister announce the recent marriage of son Robert Lewis to Judy Romano; place, Syracuse, N. Y., home of the bride. Both attend Purdue University.

Driving for the H. J. Montgomerys. Lew McClister reached No. 4 on the grandson roster when his daughter Virginia gave birth to George Thomas Newgent. Carl Jaeger's daughter Doris gave birth to William Buschbaum, his No. 5 grandchild. The standing is now three girls and two boys.

Starting with the new year, please send your items for the Magazine to H. J. Montgomery, mechanical engineer's office. Let's get the pencils sharp and report some news.

Each Lewis Sealtite car bolt has special "wood engineering" beveled head for flush, moisture tight fit... without countersinking. Standard and large-head car bolts have patented fins that grip wood, prevent turning... slotted head bolt can be set with screwdriver. Available in Hot-Dip galvanized finish for "Long Life Economy," in black for low first cost. Call, write or wire for sample prices.

The Milwaukee Road Magazine
Most of Mr. Kuntz' 40 years of service was in Las Vegas.

Carol Lois Kettner and Michael F. Krolnik exchanged vows on Oct. 4 at St. John Evangelist Catholic Church. The bride was formerly employed as a clerk and messenger, but left to take a position with the Allstate Insurance Co. She is the daughter of Otto Kettner, foreman, House 7.

Milton P. Straka and his wife made a trip to New York recently to see son Gerald off to London on the Queen Mary. It is there that Gerald will continue his studies on a Fulbright Scholarship.

On Oct. 10 Henry Hempel completed 51 years at House 7 where he has been checking freight. He expects to good use of his 50 year pass, traveling to the northwest coast to visit relatives. His hobby of photography will fill in the leisure time, especially when he acquires that good new camera he has been wanting. Henry lives in Milwaukee with a son.

The new arrival at the J. J. Scotts is a son, Jay Neil, born Sept. 5 at Milwaukee Hospital. Mother is Lois, clerk at Fowler Street, and Dad is a switchman in the Milwaukee Terminal. Sister Cheryl, a talented youngster of nine, has won recognition with her work in water colors and sculpture. One painting, after making several state exhibits, is being sent to the Art Colony at Nashville, Ind., and will eventually be forwarded to Europe. The subject is a Mardi Gras scene, done in "spotting." Another subject, "The Swan," will be sent on to the Children's Art Show at Des Moines.

Frederick G. Millard, husband of Esther Millard, timekeeper at House 7, passed away Oct. 30. Besides his wife, two sons, Dr. Robert J. and Dr. Alfred F., and a brother, Ralph, survive. The Millards have seven grandchildren.

A retirement party was held in honor of Switchman Joe Nogowski at "Jessies" in Fowler Street District. He was presented with a gift folder and purse. Joe plans to continue living in Milwaukee, but expects to spend some time at Retired Yardmaster Dick Fisher's place at Waukesaukee. Dick, who retired in July, has cottages for rent in the good fishing country.

Why Don't They Do Something About the Weather?

Actually they have done something about it...that is, the people who make Phillips 66 Flite-Fuel and Phillips 66 Trop-Artic Motor Oil.

With these two fine products in your car, you're prepared for any weather. You'll get fast starting on cold days because Flite-Fuel fires fast and Trop-Artic flows fast. Yet you also get top performance on even the real hot days. The weather is no worry when you drive with Phillips 66 products. Get them at any station where you see the orange and black Phillips 66 Shield.

Les Roethe, time reviser, is away from work at this writing because of illness. "Mike" Butler, southwestern conductor, is also on the sick list.

The Donald Christian family (Caller Virginia McCarthy Christian) are proud parents of a baby boy.

Melvin Myfors and family have moved to Okawuchee Lake, two doors away from Caller Finnegan's brother.

Sympathy was extended to the family of Harry Ryan, C&M conductor, who passed away recently.

C. A. Bush died suddenly Nov. 4 at his home in Milwaukee. Funeral services were held at the Brett Chapel, with burial in Mount Cemetery, Racine. Mr. Bush was with the Road 52 years. He started as a yard clerk in Beloit and retired as assistant to the superintendent of Milwaukee Terminals in 1953. Surviving are his wife, Florence, a son, Fred L. of Sussex, and two grandchildren. A brother, the late D. L. Bush, was a vice president and chief operating officer of the Road. At one time there were nine Bush brothers in the employ of the company.

Notice - 753rd Railway Vets

World War II veterans of the 753rd Railway Shop Battalion are being notified that, in planning their 1959 vacations, they should keep in mind their 10th reunion, which will be held June 19-20-21 at Bucyrus, Ohio. The 1958 reunion, also at Bucyrus, featured a business meeting, banquet and dance, and a picnic at the old camp site. About 75 members attended, with their wives, children and friends.

Members who, because of a change of address or for some other reason have not been notified of the unit's activities, are urged to write to C. S. Terrell, 753rd Railway Shop Battalion Reunion Committee, 153 W. Thomas St., Danville, Va.
widow, a son, and a daughter. Mr. Mild­lard retired in 1943 after 45 years serv­ice as fireman-engineer.

Pfc. Jerome Kilberg, furloughed fire­man, has been promoted to specialist fourth class at Ft. Bragg, N. C., where he is stationed as a paratrooper in the 82nd Airborne Division.

Freight Office, Cedar Rapids

James J. Trimble Jr., clerk at Cedar Rapids Yard, was the only Iowa winner in a national "do it yourself" idea con­test conducted by Popular Homes mag­azine. The idea which won the prize will be featured in the January-February issue of Popular Homes magazine. Jim's wife, Ella, has also won several contests and received a number of prizes; a watch, and several merchandise awards.

Hans P. Hansen, 82, passed away Oct. 2 at his home, after a long illness. Born Apr. 25, 1876, in Denmark, he came to the U.S. when 15 years old and lived with a brother in Savanna, Ill. He had resided in Marion for 52 years. He worked for 48 years for the Milwaukee as a bridge carpenter before retiring in 1941. Surviving, in addition to his wife, are five sons: Myron and M. C. Hansen of Marion; Lloyd of Oxford Junction; Aaron of LaCrescent, Minn., and Lyle, Savanna, Ill.; and two daughters, Dorothy Maher, Marion, and Fern Mc­Laud of Rock Island, Ill. Services were held in the Murdoch Chapel at Marion and burial was in Cedar Memorial Cemetery.

John Geiger, 72, passed away Oct. 13 in Chicago. A 45-year employe of the Milwaukee before his retirement, he was a 50-year member of the B. of R.T. Surviving are his wife; two daughters, Mrs. Emil Terbl of Cedar Rapids and Mrs. Noel Shields of Milwaukee, and two stepsons.

Hubert C. "Bert" Klumph, 87, a re­tired Milwaukee railroader and former Marion resident, passed away Sept. 7 at Santa Barbara, Calif. Surviving are a son, Forest A., Chicago, two daughters,
Lucille Hatto, Santa Barbara, Calif., and Mrs. Helen Kaldenberg, Berryville, Ark., and a sister, Mrs. L. D. Smith of Marion. Burial was in Cedar Memorial Cemetery at Cedar Rapids.

Engineer J. B. Fosdick of Marion recently retired after nearly 50 years of service. He started in Savanna as a fireman in 1909, was promoted to engineer in 1914 and in 1940 was engineer on the Milwaukee's streamliner “The Arrow.” Since 1954 he has been engineer on a freight between Marion and Calmar. Now Mr. Fosdick is happily looking forward to more time for fishing and hunting, his favorite sports. He and his wife have one daughter, Mrs. Howard Parks, and two grandchildren.

MIDDLE AND WEST
Ruby Eckman, Correspondent Dispatcher’s Office, Perry

Anna Hunter, sister of the late Engineer Frank Hunter, passed away Oct. 19 at a nursing home where she had been for some time. She is survived by two nephews, one of whom, Jerry Hunter, worked as a fireman on the Iowa Division.

Richard Baker, grandson of the late Engineer Earl Baker, is attending Montana State University on a Skyline Athletic Scholarship he was awarded when he was graduated from Perry High School last spring.

Mrs. Annette Courtney, mother of Conductor Gaylord Courtney, passed away at the family home Sept. 13. She was 91 years old but had been able to be up and about until shortly before her death. Mrs. John Evans, wife of retired conductor, was a sister of Mrs. Courtney.

Brakeman James E. Kanealy, who has been attending the State University at Iowa City and working during summer vacations and on school holidays, is now in the Army, taking his basic training at Fort Carson, Colo. Kanealys tour of military duty was deferred until he completed his college course.

Mr. and Mrs. W. J. Wray welcomed a new daughter Sept. 16. The baby's father has been agent at Redfield for several years. A son was born to Mr. and Mrs. Donald Burr Sept. 22 at a Des Moines hospital. Mrs. Burr is a daughter of the late Engineer Orville Balsbaugh. Margaret Elizabeth, named for her two grandmothers, was born in September to Brakeman and Mrs. R. Jensen. Other new arrivals are the sons born to Mr. and Mrs. James Anderson on Oct. 21 and to Brakeman and Mrs. Michael Kanealy on Oct. 5. The latter is a grandchild for Engineer Harley Woods. “Kristie Diane” is the name which Engineer Virgil Olson's granddaughter was given on arrival Aug. 23. Her parents are Bill and Mrs. Olson of North Hollywood. The daughter born to Mr. and Mrs. Frank Edwards, Cincinnati, Ohio, Oct. 20, is a great granddaughter of Retired Engineer O. V. Robinson, and Retired Train Dispatcher and Mrs. Ralph Wright are grandparents of Liza Marie Kinder, born to Mr. and Mrs. Paul L. Kinder in Los Angeles, Sept. 7.

Thomas Finnane died at his sisters'
home in West Des Moines recently. He had worked for the Milwaukee before entering service in World War I, but due to injuries suffered was unable to return to work after his release from the Army. His father and an uncle were section foremen on the Milwaukee for many years.

The late Engineer Carl McLallen's grandson, Edwin McLallen, has been granted a research fellowship in pharmacology at the State University, Iowa City. A graduate of Drake, he was the recipient of the Lehn and Funk gold medal awarded to the highest rated senior in the College of Pharmacy, and also of the Kappa Psi gold scholarship key.

Gene Wyckoff, granddaughter of T. L. Wyckoff, retired yard clerk, was married in September. Her grandfather came from Spirit Lake to Jefferson for the wedding and then visited friends in Perry. Also present were the bride's uncle and aunt, Frank Wichael and wife, former Milwaukee clerks. Frank is now a paid worker in the Boy Scouts.

Ray Lee, retired car department employee, had an unusual gardening experience. Last year he planted gourd seed, but nothing grew. This year he planted flower seed in the same spot. The gourd seeds sprouted and he had vines climbing 33 feet high on a walnut tree. He harvested four huge gourds.

Engineers Kenneth and Paul Shearer were in California during September to attend funeral services for their brother Clifford, a former employee of the Milwaukee bridge and building department.

Claudia, daughter of Switchman Robert Kinross, was married in September to Kenneth Chapman. The wedding took place at the First Methodist Church in the presence of many friends. The young couple now have an apartment in Perry.

O. J. Atkins who had worked for the Milwaukee for many years died Sept. 10 following a short illness. He was the agent at Manning, Ia. At one time he, his father, the late O. J. Atkins Sr.,
and a brother, Donald, were also holding agencies on the Iowa Division.

Engineer Gene Robinson has joined the ranks of Perry business men. He and his wife purchased a restaurant in the main business section and plan to operate it, though Gene will continue his railroad work. Their 14-months-old son recently made headlines as a roller skater. The little fellow can skate about 25 feet alone.

Brakeman Cecil Perkins was married Oct. 5 to Marjorie Joanna Helms. The ceremony took place at the First Presbyterian Church in Perry in the presence of a large company of friends. They will make their home in Perry.

Mrs. Charles Toner, widow of a long-time Milwaukee road employee, celebrated her 90th birthday Sept. 26. Her three sons, Fred, a conductor, George, an engineer, and Ralph, a machinist, all of the Road, were with her for the occasion. Mrs. Toner has many pleasant memories of her youth when she was an accomplished dancer and musician in New York.

Engineer Howard McLuen took an enforced vacation in September and October. While helping with some work at his son's farm home he fell and broke his wrist and elbow.

Train Dispatchers Everett Galilher and Larry Harvey, Operators J. H. Berner and W. E. Kelley, Time Reviser Don Dollakshide, all of Perry, and D. E. Lee, agent at Dawson, make up the Milwaukee Road Pin Splitters bowling team which has been well up toward the top of the league.

When Robert Lark, an engineering department employee, was married in Wadena, Minn., late in August, his best man was Walter Winchell, a summer employee of the same department. After the wedding, Walter returned to his home in Chicago and enrolled in Loyola University where he is studying law.

Frank L. Cox, father of Engineer Jack Cox and grandfather of Brakeman J. Cox, died at the Perry hospital Oct. 7 following a stroke.

Retired Brakeman and Mrs. Albert Smithson celebrated their golden wedding anniversary Oct. 1. Their children and some friends paid a surprise visit to their home in the evening.

Lieutenant of Police Albert W. Nicholson retired Nov. 1, 1958. He entered Milwaukee Road service Apr. 16, 1926, at Perry, Ia., as special officer for the police department and in November 1946 was appointed lieutenant. His entire service was at Perry.

QUIZ answers

1. 3,000.
2. A listing of cars handled in a train.
3. Yes, on the Southern Railway, in southwest Virginia.
5. 9½ million gallons.
6. Closed.
7. 1,439 tons.
8. The inside surface of the bore in a wheel.
9. A passing track for a train to pull into to allow another to pass.
10. 93 feet.

CORRECTION: There was an error in the answer to question No. 2 in the September-October QUIZ—"When did the total miles of railroad owned in the United States exceed 200,000 for the first time, 1889, 1902 or 1912?" The year, so we told our readers, was 1927. Doubtless many spotted it, but only two asked "How come?" Thanks to your charity, we are still on the job.—Editor

(The correct answer was 1902.)

roads Inn, Miles City, Aug. 30. The Wickershams' five children were present, having assembled for the wedding of Mary Faye Wickersham who was married to Giles K. Hunt, at Sacred Heart Church in Miles City.

Renata Kron was married to Jim Grekoff, son of Mr. and Mrs. Jim Grekoff, at the First Baptist Church in Miles City.

Mrs. Marie DeSocio, 91, passed away Sept. 20 at a Miles City hospital. She had been living with her daughter, Mrs. J. J. McGuire. Mrs. DeSocio was named 1958 Mother of the Year by the 902nd A&GW squadron of Miles City Radar Base last Mother's Day.

Mr. and Mrs. A. S. Anderson were honored by a family reunion recently on the occasion of their 45th wedding anniversary. Twenty-three members of the family attended a picnic in Wibaux Park and other family gatherings.

Our sympathies were extended to Agent J. W. Mulloy of Terry whose wife Laura, 70, passed away at a Miles City hospital after a long illness.

Everett Hubbs, traveling engineer, recently was transferred to Savanna, III.

About 120 members of the Miles City Milwaukee Women's Club attended the annual dinner at the Eagles Hall Oct. 6. Mrs. R. E. Melquist, first vice-president of the Minneapolis Chapter, was guest speaker. Games and a social hour followed the dinner and program. The next day Mrs. Melquist and Mrs. E. L. Hubbs, past president of the local club who was leaving Miles City to make her home in Savanna, Ill., were honored at a luncheon at the Custer Club.

Jacob S. Keller, a long time resident of Mobridge, recently retired as car inspector after 50 years of service. He started with the Road as a car repair...

If you were born before 1900 . . .

. . . let us tell you how you can still apply for a $1,000 life insurance policy (for people up to age 80) so that you can help take care of final expenses without burdening your family.

You handle the entire transaction by mail with OLD AMERICAN of KANSAS CITY. No obligation. No one will call on you!

Tear out this ad and mail it today with your name, address and year of birth to Old American Insurance Co., 1 West 9th, Dept. LI162M, Kansas City, Missouri.

Watson, T. L., loco. engineer . . Savanna, Ill.
Wright, F. G., loco. engineer . . Fairbank, Iowa.
Zawistowski, Adam, carman . . Milwaukee, Wis.

IN FOR LIFE. The New York City traffic department turned out in force Oct. 9 when Chief Clerk L. S. "Lou" Berstler, who retired after 35 years of service, was honored by the Metropolitan Traffic Association of New York with a lifetime membership and given the "This Is Your Life" treatment. Mr. and Mrs. Berstler are pictured in the foreground with their son Robert and daughter Lu, and General Agent R. F. Kelohar (right). In the rear are, from left: E. J. Murphy, foreign freight agent; H. P. Murphy, city freight agent; Harold Brown, a former employee who is now assistant general traffic manager of the Socony Mobil Oil Co.; R. J. McCarthy, city freight agent; Marjorie Klimbock, a former Milwaukee employee; and R. B. Stewart, traveling freight agent.

SHOW PEOPLE. Comedienne Martha Raye, fresh from a nightclub engagement in Las Vegas, was the center of smiles as she entered the city of Los Angeles in Chicago Oct. 23, on her way home to New York City. Pictured with her is D. A. "Doug" Keller, city passenger agent (appointed city freight agent Nov. 17), who helped with her travel arrangements. Also New York-bound were TV's Ernie Kovacs and Edie Adams Kovacs, arriving Nov. 5 on the City of San Francisco. Cigarette-smoking Ernie was on route to a guest appearance on the Patty Page show and Edie to star on the Garry Moore program.

The Milwaukee Road Magazine
CEILING RECONNAISSANCE. E. J. Stoll, assistant director of industrial and real estate development (left), about to take off from Meigs Field in Chicago for a photographic survey of industrial properties in the Chicago area. His flight companion is Marshall Bennett of the Chicago firm of Bennett and Kahnweiler, real estate broker for Centex Industrial Park, a 720-acre development in the village of Elk Grove which is served by the Milwaukee Road via the Techny, Ill., cut-off. Since the park was formally opened about a year ago, 12 industries have acquired sites there. The industrial and real estate development department has worked closely with Mr. Bennett’s firm over a period of years in locating industries adjacent to Milwaukee Road facilities.

CURTAIN RAISING CEREMONIES of importance on industrial property adjacent to the Milwaukee Road’s Bensenville Yard were the formal opening of the Central Grocers Cooperative plant in Franklin Park Sept. 21, and of the Bensenville Works of James B. Clow, Inc., manufacturer of cast iron pressure pipe, Oct. 22. The Clow works, built at a cost of $6,500,000 on a 58-acre site just north of west yard, took two years to complete. The view above shows the spur track to the main building. For the formal opening, a four-car Milwaukee Road special carried company representatives and business leaders from Chicago. Left, at the grand opening of Central Grocers are, left to right: W. D. Swanson, Milwaukee Road industrial engineer; W. A. Cossin, president and general manager of Central Grocers; the Milwaukee Road’s S. J. Cooley, director of industrial and real estate development; Mayor W. J. McNerney of Franklin Park, a retired Milwaukee Road employee; and W. D. Sunter, Milwaukee Road general freight traffic manager-sales and service. In the background, just off the assembly line, is one of the Road’s new box cars featuring the 15-foot-wide door.

OPEN DOOR POLICY HOLDER. In Minneapolis, Philip W. Pillsbury, chairman of the board of Pillsbury Flour Mills and a director of The Milwaukee Road, is pictured with his secretary, Betty Ireland, at the recent salute to Downtown Working Women’s Week at which he won the Golden Doorknob award, symbolic of opening doors to women in business. Mr. Pillsbury was cited for his policy of promoting people from within his own organization when key positions become available and new jobs are created. (Minneapolis Morning Tribune photo)
To some people—and they need not necessarily be children—time measured in terms of B.C. and A.C., means simply Before and After Christmas. For instance, Jerry Cump, retired Spokane conductor (above) and Conductor E. J. Sullivan of New Lisbon, Wis. (right). Jerry, whose striking resemblance to Santa is apparent even without the long white whiskers, has been booked solid in the role every Christmas since he retired in 1946. This year he is at the Paris Department Store in Great Falls, Mont. Conductor Sullivan, who holds court in front of his home, also gets a kick out of impersonating the good saint. He is making it a full-time vacation project this year, with visits to the local nursing home and county infirmary. And, oh yes, the children. The picture of childish pleasure above shows Milwaukee Road youngsters at the Christmas party given last year in Austin, Minn., by the Women's Club. This is the real Spirit of Christmas.
